TESTIMONIALS

The exposure, guidance and learnings I got from IIMAD was very much helpful for me and I am sure that the experience I got from there will be an asset for my career. Thank you Sir and the Entire IIMAD team for everything. It was a great time there.

-Allan Mathew
(MA Development studies , TISS- Hyderabad)

I found the library of the Institute to be extremely helpful. In several meetings with Mr. Rajan, he expressed his full support with my research activities. After completing my internship, he allowed me to return to this Institute without hesitation and take advantage of its facilities. I intend to cooperate with this Institute in the long term, and I will receive the support of this institute in line with my research, especially in writing and academic articles
