# PRE-CONFERENCE WORKSHOP

## Quantitative Techniques and Analysis in Health Research

The International Institute of Migration and Development (IIMAD) and The Institute for Social and Economic Change (ISEC) are jointly organizing a pre-conference workshop in association with the upcoming **6th Annual International Migration Conference 2026** on the theme, *Climate-Induced Migration: Global Challenges, Transnational Dynamics, and Policy Responses*.

### WORKSHOP DETAILS

This workshop equips participants with the skills to manage, analyse, and interpret large-scale national survey datasets using Stata. Focusing on the **National Sample Survey (NSS) data (Rounds 71st (2014) and 75th (2017–18))** on health consumption in India. Participants will engage in both conceptual discussions and hands-on exercises. The workshop emphasizes data construction, descriptive and inferential analysis, and the use of statistical methods in socio-economic and policy research. Learners will gain both theoretical grounding and practical expertise in applying quantitative techniques to real-world data for evidence-based research.

**Wednesday, 5th August**

**Institute for Social and Economic Change, Bangalore**

**4000 INR** for general participants.

**3000 INR** for registered conference participants  
alumni of IIMAD and currently enrolled doctoral  
students of ISEC

Prior installation of **STATA** is a prerequisite for attending the workshop

WORKSHOP INSTRUCTOR

**Dr. Maheshkumar T**

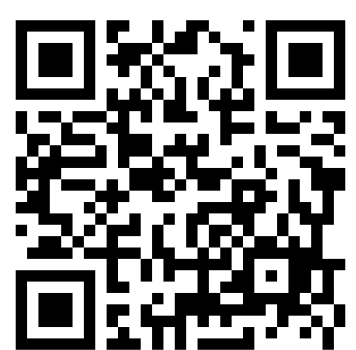

Assistant Professor

Dr. B. R. Ambedkar School of  
Economics University, Bengaluru

# POST-CONFERENCE WORKSHOP

## on Periodic Labour Force Survey (PLFS)

The International Institute of Migration and Development (IIMAD) and The Institute for Social and Economic Change (ISEC) are jointly organizing a post-conference workshop in association with the upcoming **6th Annual International Migration Conference 2026** on the theme *Climate-Induced Migration: Global Challenges, Transnational Dynamics, and Policy Responses*.

### WORKSHOP DETAILS

This offline workshop offers step-by-step training on PLFS data handling using STATA — from understanding survey structure and preparing dictionary files to data extraction, merging, and weight generation. Participants will also learn to construct key labour market indicators such as the labour force participation rate, workforce participation, and unemployment rates, and to validate labour market estimates using official reports. Ideal for students, researchers, and data practitioners looking to build practical, policy-relevant skills.

**Saturday, 8th August**

**Institute for Social and Economic Change, Bangalore**

For general participants : **4000 INR**

For registered conference participants,  
alumni of IIMAD and currently enrolled  
doctoral students of ISEC : **3000 INR**

Prior installation of **STATA** is a prerequisite for attending the workshop
